School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

Principal's Message

Happy Valley Elementary School welcomes you!

We are proud of our school and want to communicate the wonderful things that are happening. We have a beautiful campus with a new gymnasium, and a state-of-the-art greenhouse. You will find our students accessing common core standards with the use of Chromebooks or iPads at each desk. Our educational programs are taught with fidelity. We believe all students can achieve at high levels. It is our responsibility to set high expectations, promote academic rigor, develop strong character and improve student engagement in a safe, student-centered environment.

Happy Valley Elementary School provides an opportunity for every student to succeed, everyday. Our school community provides a positive learning culture, supported by our faculty, staff, families, and community. Many of our veteran teachers are serving second generation students, providing a rich history and a promising future for our students. While the ingenuity of another generation of teachers add to the talents among the faculty. Our teachers are participating in ongoing professional development in the specific three goals: academics, social and emotional learning, and safe school community, and improving practices with regard to academics and social emotional learning. Our teachers are engaged in professional learning in the areas of Improvement Science, Restorative Practices, and Trauma Informed Practices, curriculum and instruction, and differentiated instruction. These practices are culminated in a district-wide effort to provide Positive Behavior Interventions and Supports (PBIS) as a framework for sustaining student-centered learning opportunities and academic and social growth.

Parents are valued partners in our educational system and are encouraged to visit the school, consult with the staff and participate in school functions. At Happy Valley Elementary School we invited all parents to participate in their child's student-led conferences. We routinely hold parent education nights, focusing on academics and college awareness. Our families are present at community events, school assemblies, celebrations, and support groups. Many parents volunteer at our school, enhancing our students' learning experience. Our community is involved in the effort to provide a safe, healthy learning environment. Project Share provides a robust after school program that facilitates additional supports and quality activities to over half of our student population. While the Citizens Patrol is routinely present at the end of the school day, merely to provide a sense of community support and school safety.

Home to 288 students, we provide quality academic experiences to students from fourth through eighth grade. Our teachers, paraprofessionals, and support staff come together to offer all that a student will need to succeed socially and academically. In addition, our school provides opportunities for future students and our families providing school readiness programs, parenting classes, small group support systems, and a family liaison who assists in various scenarios, to bridge resources and offer support to our students and their families. We have made a concerted effort to connect counseling services with students who may need additional supports. Individual counseling, group counseling, and whole class sessions are offered by various counseling organizations, in order to address social skill building, Adverse Childhood Experiences (ACE's), and other challenging life experiences. When students are faced with learning challenges, they also have the opportunity to work with a behavior coach who guides them in self-regulation, redirection, and the successful return to learning.

In order to build capacity among our staff, teachers and staff serve on various teams that are focused on specific goals and concerns. Our Leadership Improvement Science Team (LIST) has chosen to focus on the goal of improving our behavior intervention system. Focusing on three drivers for improving the system, the team believes it will have a direct effect on student learning. The PBIS Team is focused, at the district level, on developing and refining a district-wide system that will unify our school community around common language and a specific plan for success and achievement. Teachers have selected specific areas for professional growth and are engaged in current research and practices to improve student learning. Paraprofessionals and support staff attend meetings regularly, to discuss concerns and build a positive program for supporting our students and families. They also attend training sessions that prepare them to engage in a positive social emotional learning environment.

In order to provide a rigorous and engaging academic experience, teachers have begun a journey to articulate current practices through vertical alignment. Alongside this endeavor to connect prior knowledge to potential learning, teachers rely on data to inform instruction. Time is spent each week, engaged in meaningful collaboration focused on differentiated instruction and developing specific academic skills. Teaching teams prepare their students each day to reach their full potential by identifying learning gaps and prescribing specific learning experiences to address student needs.

Our support staff serve with loving kindness and look out for our students and fellow site personnel. Their dedication to our students is evident in their performance each day in the unique and important role they each play at our school site. The Happy Valley School Community stands proudly to support a positive learning culture for all students. Pride is abundant at Happy Valley Elementary School. We encourage each member of our educational system to work together to provide the highest quality educational program possible. We truly believe it is our mission to be committed to learning for all students as they are guided to reach their highest potential.

Sincerely,
 Chris Dell, Principal
 Rich Gifford, Superintendent

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Year and month in which data were collected: 01/2019

Textbook selection occurs primarily by teachers from the state-approved lists. Teachers attend presentations by publishers, examine the program choices, and may even teach lessons from the program. In the past, teachers have sometimes piloted a program prior to district adoption. Once the teachers have narrowed their choices, parents and the community are invited to examine the curriculum. The selection choices are brought before the School Site Council. Final approval is by school board adoption.

The district meets the state guidelines for textbooks and instructional materials. The district has affirmed that each pupil, including English learners, has his or her own textbook to use in class and to take home.

School Facility Conditions and Planned Improvements (Most Recent Year)

Happy Valley Elementary School was built in the 1950s. The campus was modernized the summer of 2003. The 21-room school is completely up-to-date with a science lab, state-of-the-art greenhouse, wireless Internet connection in all classrooms, Promethean interactive boards and document cameras in classrooms, and Chromebooks for each student. The campus hosts two baseball fields, a soccer field, a full size gymnasium and a spacious playground. The school district is a proud recipient of a Healthy Student Initiatives grant that has helped to update and refresh the cafeteria space. The floor has been replaced and the interior has been repainted.

The campus is cleaned daily and has a regular summer and holiday program of maintenance and improvements. The facility and grounds are safe and clean. There are two full-time custodians and one maintenance person at each site. This crew routinely meets and schedules repairs and projects. Checklists are utilized to ensure the campus is pristine. Our school provides a safe, clean, and functional environment for learning through proper facilities maintenance and campus supervision.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	35.0	39.0	37.0	42.0	48.0	50.0
Mathematics (grades 3-8 and 11)	32.0	34.0	32.0	35.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	282	282	100.00	39.36

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group

The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students
Grades Five, Eight, and Ten**

Subject	Percentage of Students Meeting or Exceeding the State Standard					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
Science (grades 5, 8, and 10)	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2017-18)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	19.7	31.8	33.3
7	14.6	18.8	50.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

The success of a school is strongly influenced by the support of parents and the school community as a whole. Happy Valley Elementary School strives to coordinate and communicate with the community, including law enforcement, fire, other governmental agencies, news media, medical agencies, and other community organizations. Parents are actively involved in the School Site Council (SSC), school-wide planning, LCAP planning, and various parent committees for fundraisers and field trips. Parents agree to the following as part of our Family School Compact for Student Success. 1. Assist my child with their homework by monitoring assignments and by providing time, a place, and support for homework activities. 2. Read to my child or encourage my child to read every day 3. Communicate with the teacher when I have a concern. 4. Ensure regular, on-time attendance at school. 5. Regularly monitor my child's progress in school. 6. Attend school parent-teacher conferences and parent education/support nights. 7. Communicate the importance of education and learning to my child. 8. Respect the school, students, staff, families and communities.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School			District			State		
	2015-16	2016-17	2017-18	2015-16	2016-17	2017-18	2015-16	2016-17	2017-18

Expulsions	0.0	0.0	0.0	0.0	0.0	0.0	0.1	0.1	0.1

School Safety Plan (School Year 2018-19)

The safety of students and the security of the campus are the highest priorities of Happy Valley Elementary School. Students are signed in and out of the front office, and the adults signing for them must be listed on the student's emergency card. All visitors are required to sign in at the front office.

The Emergency Operations Plan (EOP) is being strengthened in a district-wide effort to synthesize current Readiness and Emergency Management Systems (REMS) practices with our local needs. A district team has met to address the specific plan for all functional annexes at all possible time-frames to assist with the development of a comprehensive plan for safety. We are in the stages of completing the full revision and communicating the plan to our staff. Basic functions will be addressed with parents through a variety of communication tools, such as the use of a text app, all-call phone calls, and our website.

We have a School Safety Plan. Fire, lockdown, and earthquake drills are routinely practiced. The Emergency Procedures Manual identifies protocols and responsible parties for numerous types of emergencies. The plan identifies roles, responsibilities, functional annexes, how to address the situations before, during, and after any emergency situation. The Emergency Operations Plan/School Safety Plan is currently being updated and was last discussed with school faculty in January 2018. Please see the district office for details.

The school works closely with the local volunteer fire department and the Shasta County Sheriff's Department to insure open communication and up to date protocol. The Happy Valley Fire Department is located across the street from the campus and it is always available to assist in medical emergencies.

The staff is trained annually in emergency procedures and has practice drills on a regular basis. The school nurse offers CPR/first-aid classes on a regular basis. The staff was trained on specific practices at the beginning of the school-year. The school is equipped with surveillance cameras and was recently re-keyed to strengthen safety practice. The parking lot, as well as the playground, can be observed through this video system.

Professional Development (Most Recent Three Years)

The Happy Valley Union Elementary School District provides ongoing professional-development opportunities. The major emphasis of our staff development is in the area of Common Core State Standards, Response to Intervention (RTI), utilizing instructional technologies, targeted instruction, and student engagement strategies. Our focus is to improve student achievement using data, developing individual plans to support student learning, and monitoring student progress. Our district is committed to staff development. In addition to three staff development days, we utilize teacher release time, school workshops, and conferences to support ongoing learning. Teachers are supported in their professional development by participating in Differentiated Assistance, literacy training, and a vertical collaboration process. We are developing a system that uses improvement science to facilitate continuous improvement in literacy across the content areas and social and emotional learning. Our LCAP reflects this process in Goals 1 and 2.
