

Dear Happy Valley Primary Families,

Our Primary School Family shines brightly! Our students are second to none when it comes to practicing mindfulness, expressing kindness, and challenging themselves academically. Every staff member has unique talents, a positive attitude, a sincere desire to support our students, and undying perseverance to provide the best education to every child. We work hard, we care deeply, and we are always looking for ways to help students reach their full potential. Our school is a safe, happy environment, just the right place for our joyful Happy Valley Honeybees. Our community provides support to our school family, as we reach for our goals and serve our mission to have every student succeed, everyday! For all of these reasons, I am thankful to lead and work with our school family. It is a pleasure to serve with the Happy Valley Primary Staff and community as we guide our students to learn and grow!

As a school leader, it is my mission to serve and lead with integrity. My goal is to understand the needs of our students, our school community, and our staff in order to support and encourage academic, social, and emotional growth. With students at the heart of our work, we seek improvement in every aspect of our students' education. A Shasta County resident for most of my life and an educator for almost three decades, it is an honor to serve the Happy Valley staff and students as we seek opportunities to learn and grow, every day!

It is my vision to SERVE:

Shared vision to support students.

Engage and learn every day.

Remove barriers to strive for excellence.

Value people.

Encourage improvement in myself and others.

All My Best,

Mrs. Craig
